Register by 30 June for great discounts.

INNOVATE | INTEGRATE | INSPIRE

How can healthcare evolve to meet 21st century demands?

Health leaders from around the world are heading to Brisbane to discuss how healthcare needs to evolve to meet 21st century demands – will you be joining them?

Here are a just a few reasons why the World Hospital Congress should be on the very top of your must attend list.

Interested in value based healthcare?

If you are interested in value based healthcare you will have read “Redefining Health Care: Creating Value-Based Competition on Results”. Author and innovation expert Professor Elizabeth Teisberg will provide her insights into the evolution that needs to take place in healthcare and she will be joined by health leaders who are implementing value based healthcare in Brazil, Malaysia, Singapore, Denmark and Australia.

Interested in health system integration?

You can learn from Nigel Edwards, Chief Executive of the Nuffield Trust on the UK experiences in his keynote address, but you can also hear how Tanzania is developing an innovative and integrated health system from primary care up, how Taiwan is integrating home medical care services or how Iran is developing integrated and people-centred palliative care.

Interested in the impact of technology on healthcare delivery?

The International President of the Healthcare Information and Management Systems Society (HIMSS) Hal Wolf will provide a big picture and then in our concurrent sessions you can learn what Spain is achieving with health apps, how Zambia is using technological innovations to provide better quality of care in low resource settings and how the Mayo Clinic in the USA has used technology to review and improve opioid prescribing.

These are just a few of the many fascinating presentations and amazing experiences that will take place at the World Hospital Congress. Early bird registration closes soon, so register now for great discounts and to be a part of this momentous event.
