

# HOSPITAL AUTHORITY CONVENTION 2019 PRELIMINARY PROGRAMME

14 May 2019 (Tuesday)							
Convention Hall							
* Opening Ceremony							
Opening Remarks and Chief Executive's Keynote Address							
Tea							
Speed Presentation (Level 2)							
Convention Hall		Theatre 1		Theatre 2		Room 221	Room 421
* Plenary Session I Personalised Care				* Special Session 1 Healthcare in Mainland China		Masterclass 1 Patient Blood Management	Service Enhancement Presentation 1
Personalised Medicine – from Precise Diagnosis to Targeted Therapy Next Generation Healthcare Delivery in the Era of Personalised Medicine – the Experience of Comprehensive National Health Service (NHS) Genomic Medicine Service				Healthcare in Mainland China		Patient Blood Management in Nephrology Patient Blood Management in Obstetrics and Gynaecology Patient Blood Management in Perioperative Medicine	Better Manage Growing Demands
1200-1315 Lunch							
Convention Hall A	Convention Hall B	Convention Hall C	Theatre 1	Theatre 2	Room 221	Room 421	
Masterclass 2 Transferring Patients from Hospital to Community	* Plenary Session II Quality and Safety Culture	Masterclass 3 Genetic Services in HA	Symposium 1 Virtual Reality in Healthcare	Special Session 2 Immunotherapy for Cancers in Children	Parallel Session 1 Evidence-based Nursing Practices	Service Enhancement Presentation 2	
Ortho-Geriatrics – from Hospital to Community Chronic Disease Management for Frail Elderly – Any Difference? Redesigning Care for Patients with Increased Hospitalisation Risks	Designing Safe Systems of Care – What will It Take? What can We Learn about Patient Safety from Aviation?	Hospital Authority (HA) Moving towards New Algorithms in Prenatal Diagnosis 2 <sup>nd</sup> Tier Non-Invasive Prenatal Testing (NIPT) in Hong Kong Chromosomal Microarray (CMA) Replacing Traditional Karyotyping in HA Prenatal Diagnosis Service	Applied Virtual Reality (VR) in Healthcare: Virtual Reality Analgesia Artificial Intelligence and Virtual Reality Virtual Reality-based Rehabilitation System in Hong Kong When Simulation Embraces Virtual Reality: Examples of Using VR in Medical Simulation Training	Immune Cellular Therapy Including CAR-T NK Cell Therapy Other Immunotherapy	Best Practice to Prevent Hypoglycemia for Insulin Treated Diabetics What is the Best Practice for the Initial Management of Limb Fasciotomy Wound among Orthopaedic Patients? What are the Best Practices to Improve Patient's Knowledge on Anticoagulation Care? What are the Best Ways to Deal with Adult Patients with Chemical Eye Injury in Emergency Department?		Staff Engagement and Empowerment
Symposium 2 Trauma Management I	* Plenary Session III Service Transformation	Parallel Session 2 Future Hospital	Parallel Session 3 Care for Medical Professionals – Surviving through Liability and High Work Pressure	Special Session 3 Epidemiology and Prevention of Seasonal Influenza	Masterclass 4 Knee Osteoarthritis	Service Enhancement Presentation 3	
Trauma Management – Hong Kong vs Australia Hong Kong Trauma System	Creating Large Scale System Transformation Hospitals as Anchor Institutions – What Role Care Hospitals Play Working with Other Partners in Addressing Social Challenges and Developing Healthy and Prosperous Communities?	Hospital Command Centre Building the Digital NHS	Mental Health of Medical Professionals Truth Telling and Medical Negligence Care for Carers: the Aftermath of Workplace Violence	Review of Influenza Epidemiology Review of Influenza Vaccination Programmes Influenza Vaccination Strategies in Older Adults Promotion of Seasonal Influenza Vaccination among Healthcare Workers	Management of Knee Osteoarthritis Needs a Paradigm Shift Neuromuscular Training and Exercise Programme as the Core in the Non-surgical Management Joint-Preservation Surgery: High Tibial Osteotomy Partial Knee Replacement Update in Joint Replacement Surgery: What's New?		Clinical Safety and Quality Service I
1545-1615 Tea							
Speed Presentation (Level 2)							
Symposium 3 Critical Care and Tropical Diseases	* Plenary Session IV Inter-professional Collaboration	Symposium 4 Innovative Hospital Design and Planning	Symposium 5 Healthy Ageing in Place	Masterclass 5 Myopia Control: What You Need to Know?	Parallel Session 4 Impact of Technology on Allied Health Practices	Service Enhancement Presentation 4	
Updates in the Management of Life Threatening Malaria	Teamwork and MDT Model for Better Care Pathway – from Professional Perspective Teamwork and MDT Model for Better Care Pathway – from Training Perspective	Woodlands Health Campus (WHC) Planning Journey Innovative Hospital Designs	Ageing in Place in Hong Kong: Challenges and Opportunities Medical-Social Collaboration Ageing in Place: from a Housing Sector Perspective Ageing in Place: from a Clinical Perspective	Myopia: Basic Knowledge and Prevalence (HK and Worldwide) and its Associated Potential Complications Myopia Control by Optical Means: Past and Present Orthokeratology: What does Parent Need to Know Myopia Control by Medications	Experience Sharing for Application of 3D Printing in P&O Application of 3-D Technology in Occupational Therapy to Enhance Safe CAPD for Patients with Renal Disease Development of a Mobile App for Geriatric Hip Fracture Rehabilitation – from Hospital to Community Automating Radioactive Patient Discharge Using Wireless Radiation Monitors and a Mobile App The Impact of Using Rapid Multiplex Real-time PCR for Quick Diagnosis of Different Emerging Infectious Diseases		Clinical Safety and Quality Service II

# HOSPITAL AUTHORITY CONVENTION 2019 PRELIMINARY PROGRAMME

The Hong Kong Hospital Authority (HA) has been organising the HA Convention every year since 1993 to promote sharing of knowledge and experience among healthcare professionals. It is an important conference for the local healthcare community as well as an annual signature event of the HA. The HA Convention held in May 2018 was attended by over 5,600 clinicians and healthcare professionals, including mainly HA staff, as well as other healthcare managers and executives from Hong Kong, Mainland China and overseas.

The scientific programme of the HA Convention 2019 will focus on the Authority's core values, viz. "People-centred Care", "Professional Service", "Committed Staff" and "Teamwork". Aiming to promote the sharing of knowledge and experience in clinical advances and approaches to modern healthcare service, the Convention facilitates exploration and discussion of contemporary concepts among healthcare professionals and stakeholders.

15 May 2019 (Wednesday)								
	Convention Hall A	Convention Hall B	Convention Hall C	Theatre 1	Theatre 2	Rm 221	Room 423 & 424	Rm 421
0900-1015	<b>Masterclass 6 Advances in Intensive Care</b>	<b>Symposium 6 Genomic Care in the Era of Big Data</b>	<b>Masterclass 7 Practical Updates in Endocrinology</b>	<b>Parallel Session 5 Smart Hospital</b>	<b>Special Session 4 Collaborations in Specialist Training – the International Perspectives</b>	<b>Parallel Session 6 Medical Ethics</b>	<b>Masterclass 8 Toxicology Services</b>	<b>Service Enhancement Presentation 5</b>
	Hypervirulent/Hyper-resistant K Pneumonia: a Clinical and Molecular Update Intensive Care Unit Beds Utilisation Pattern Quality and Intensive Care	Sharing Genomic-related Data across Stakeholders The 100,000 Genome Project – Infrastructure, Security, Ethics Genomic Care in the Era of Big Data – Local Scenario	Thyroid is Simple, isn't It? (Or Something You Don't Know You Don't Know) Breaking the Silence of Osteoporosis	Robot Manipulation Experience Sharing on Implementation of HA GO with HA Smart Hospital – Experience in UK	Disruptions in Medicine: Impact on Specialist Training Specialist Training and Regulation: an International Perspective Resident Training Reform in the Mainland	Medical Ethics – from Medical Perspective Medical Ethics – from Legal Perspective End of Life Issues in Bioethics	Novel Psychotropic Substance – the Past 10 Years in Hong Kong Availability and Accessibility of Antidotes in Acute Hospitals Electronic Cigarette: Its "Good", Bad and Ugly – a Toxicologist Perspective	Clinical Safety and Quality Service III
1015-1045	<b>Tea Speed Presentation (Level 2)</b>							
1045-1200	<b>Symposium 7 Patient Care in Intensive Care Unit</b>	<b>Symposium 8 Teamwork and Staff Engagement</b>	<b>Masterclass 9 Integrated Palliative Care Service</b>	<b>Parallel Session 7 Smart World</b>	<b>Special Session 5 Innovative Medical Training in Hospital Authority</b>	<b>Parallel Session 8 Chemotherapy and Cancer Treatment</b>	<b>Corporate Scholarship Presentation 1</b>	<b>Service Enhancement Presentation 6</b>
	Improvement of Intensive Care Practice in Developing Countries Nutrition for Critically Ill Patients – Local Situation	Let's Take a Trip on the Road to Joy! Elements of High Performing Integrated Health Systems – What are the Key Features of High Performing Health Systems Where Hospital Work in Effective Partnerships with Primary and Community Care? How to Motivate the Team to Fight Long and Hard	Integrated Palliative Care for Hematology Cancer Patients – How Early is Early? Cluster Inter-hospital Palliative Care Consultative Service – How can It Help? Integrated Palliative Care in Oncology Department – Breaking the Barrier	Identification for Face Recognition and Video Analysis Innovation at Scale in Healthcare	Challenges, Opportunities and Synergism Training of Interns, Balancing Risks versus Safety Training Future Practitioners on Inter-professional Collaboration	Classification, Prognostication and Monitoring of Acute Leukemia Paediatric Cellular and Immunotherapy Programme	Advancement in Paediatric and Adolescent Care	Healthcare Advances, Research and Innovations
1200-1315	<b>Lunch</b>							
1315-1430	<b>Masterclass 10 Trauma Management II</b>	<b>Symposium 9 Application of Improvement Science in Healthcare</b>	<b>Parallel Session 9 Big Data in Hospital Authority</b>	<b>Symposium 10 Medical Professionalism</b>	<b>Masterclass 11 Hand Injury: from Fracture to Replantation</b>	<b>Parallel Session 10 Advanced Nursing Practices</b>	<b>Corporate Scholarship Presentation 2</b>	<b>Service Enhancement Presentation 7</b>
	Resuscitative Thoracotomy REBOA – How We Start? Blunt Carotid Trauma Point of Care Testing – How We Start?	Using an Air Accident Investigation Model in Healthcare Using Improvement Science to Drive Improved Outcomes in Patient Safety Effectiveness and Application of the Current Medical Staff Assessment Tool	Application of Big Data in Clinical Practice	Medical Professionalism – How can Doctors Lead on Promoting Professionalism? Medical Professionalism – Local Views Identifying Medical Students and Doctors at Risk	Management of Phalangeal Fractures Minimally Invasive Surgery in Hand Surgery Updates on Management of Scaphoid Fractures and Nonunions Management of Carpal Ligament Injuries Updates on Finger and Hand Replantation Rehabilitation after Hand Injuries	Advanced Nursing Practices in Hospital Authority	Advancement in Ambulatory and Day Care for Elderly	Enhancing Partnership with Patients and Community
1430-1545	<b>Parallel Session 11 Hospital Operation</b>	<b>Symposium 11 Recent Trend on Simulation Training</b>	<b>Masterclass 12 Supporting Patients in Community</b>	<b>Symposium 12 Safe and Happy Workplace</b>	<b># Masterclass 13 Patient Relations</b>	<b>Parallel Session 12 Driving Quality Improvement by Outcome Based Service</b>	<b>Corporate Scholarship Presentation 3</b>	<b>Service Enhancement Presentation 8</b>
	Key Innovation for Back-of-House Support Services Developing Queensland's First Digital Hospital	Recent Development of Simulation Training Development of Simulation Training for Healthcare Professionals Virtual Reality Mindfulness Skills Training: Use of Simulation to Brain Patients to Correct Dysfunctional Emotions, Behaviours, and Thoughts	Dementia Community Support Scheme (DCSS) & Collaboration with NGOs / Primary Care in Dementia Care Outreach Medicine – the Next 25 Years Redesigning Hospital Admission Service Structure to Reduce Hospital Readmission Rates Social Capital and Mental Wellness in Redeveloped So Uk Estate – A Project Illustrating the Service from Recovery to Well-being	Staff Engagement through Innovation Drives Advancing the Delivering of Positive Practice – University Health Network's Journey to Eliminating Workplace Violence (Flagging Policy) Workplace Happiness Brings Business Rewards	What Matters to Patients and Staff	Work Rehabilitation – Minimal Data Set for Quality Improvements Non-invasive Brain Stimulation for Enhancing Upper Limb Functional Recovery in Acute Stroke Patients Enhancing Quality and Safety at Radiology Department with Computer Vision Technology Optimisation of Patient Management System (PMS) – a Step to Quality Improvement Multi-modal Physiotherapy Approach for Seamless Care in Enhanced Recovery after Surgery Programme in United Christian Hospital	Cancer and Palliative Care	Young HA Investigators Presentations
1545-1615	<b>Tea Speed Presentation (Level 2) / Poster Viewing Convention Hall</b>							
1615-1830	<b>Presentation of Awards and Closing Ceremony</b> Best Oral Presentation Awards and Best Poster Display Awards Hospital Authority Outstanding Staff and Teams Award and Young Achievers Award 2019
